Blossom Easymix 20Kg
Technical Data Sheet

Herewith, Volac Milk Replacers, declares the following:

Product	:	**Blossom Easymix 20kg**
Producer/exporter	:	Nutrifeed B.V., Lage Landstraat 7, 5462 GJ, Veghel, the Netherlands
Ingredients	:	Whey protein, Vegetable oil refined (Palm, Coco, Rape), Wheat Gluten hydrolised, Sodium Butyrate, Dextrose, Magnesium Oxide, Garlic Powder (Gardion).
Feeding type	:	Complete milk replacer feed for calves
Physical presentation	:	Beige, free flowing powder.
Instructions for use	:	Take half of the required amount of water at max. 45°C. Add the correct amount of Blossom Easymix (150g) per litre of prepared milk. Whisk vigorously for 1 minute, or mix in the mixer for 3 minutes. Complete with the required amount of water. Drinking temperature should be max. 45°C. The product needs to be consumed immediately after preparation. Don't leave the mixture for longer than half an hour. Feeding rate is twice a day. Not intended for human consumption.
Storage	:	Store in a cool, dry place. Re-close bag top securely after use.
Transport	:	Transport the product in suitable conditions following the storage instructions.
Shelf life	:	Blossom Easymix 20kg guarantees a shelf life of 456 days from production date, when stored adequately in their original packaging. Close the bag after use.
Packaging	:	The product is packed in multi-layer paper bags with a plastic inner lining of 20 kg net weight.

Typical label for Blossom Easymix 20kg

Blossom Easymix 20kg GB
