

MOLE AVON

COUNTRY STORES

The COVID – 19 global crisis is affecting us all. At Mole Avon we pride ourselves on providing an important service for our customers, members and the wider community. Over recent weeks we have been working to plan how we can continue to do this in a safe and responsible manner, including increased bio-security measures.

KEEPING STORES OPEN AND SAFE

- First and foremost, our priority is the safety of **ALL** our customers and staff throughout this period.
- We will maintain public health in-line with Government advice, and where safe to do so continue serving our customers with the goods they need especially as many of our customers will play a critical role in keeping shops and supermarkets supplied with food over the coming weeks and months.
- As a major supplier of feed, medicines and equipment for farm livestock and also for domestic pets we recognise the import role we play and why we need to keep our stores open in line with Government guidelines.
- Customers should follow Government guidelines and **NOT** come into store if they are experiencing symptoms of **COVID – 19** and follow National Health guidelines.
- You will appreciate our telephone lines and in store team are exceptionally busy at present and your patience and courtesy will be much appreciated.
